The Artists' Trail

The artists' trail is a path of discovery.

Follow it through farm country, along the lakeshore and into our small towns. The Thumb area is home to traditional artists and craftsmen, as well as the avant garde. A studio tour can often be arranged (please be sure to contact the artist first). During the summer months, take in an art fair. Bring the whole family! Talk with the artists, view their works, and maybe see a demonstration or two. There's always lots to see and do! Listed on the reverse side are some events to get you started.
