

Happy Holidays and best wishes for many great getaways in 2018

Dear viewers and friends,

We hope you enjoyed our getaways in 2017. We have some exciting ones coming up in 2018. It is a real privilege for us to visit so many parts of our beautiful state, filming on the water, the trails and getting to know our hosts and people like you.

Join us this year as we see boat building in the Tawas Bay area, take to the trails around Houghton Lake and Roscommon County, and explore the scenic byway along US-2 between St. Ignace and Manistique. We will be bringing you along to some of our favorite fishing holes and attending more of the fabulous festivals that fill our calendar.

We wish you health and happiness and many great getaways in 2018!

Best,

*Tom O'Boyle, Host
Great Getaways TV*

Mini-series airs on Great Getaways Facebook Page

We had the privilege of filming the [Michigan Cares for Tourism](#) project at the [Ralph A. MacMullen Center](#) and [Civilian Conservation Corp Museum](#) at [North Higgins Lake State Park](#). Be sure to visit our Facebook page to watch all the episodes. Approximately 150 students and tourism professionals painted, planted and partied with the communities of Roscommon and Grayling in an outstanding cooperative, all-volunteer project.

Ha-ha-ha and Ho-ho-ho
